The Kingdom of Fantasy

Author- Gerinimo Stilton

## My thoughts

The Kingdom of Fantasy is a fun, easy-to-read adventure book about a scared mouse who becomes a hero. Geronimo Stilton finds a secret golden staircase in his attic. It takes him to a magical world full of fairies, dragons, and giants. A frog named Scribblehopper tells Geronimo that he must go on a dangerous journey through seven kingdoms to save Blossom, the Fairy Queen, from an evil queen.

I love it because

* The book has colourful pictures, and colourful words.
* Geronimo is afraid of everything, but he still tries his best to help his friends, which makes it fun to read.

It is a great, easy book for kids who love magic, animals, and fun pictures, while teaching them that being kind and helpful is more important than being strong. Moreover I love every Geronimo Stilton book. I hope you find it interesting

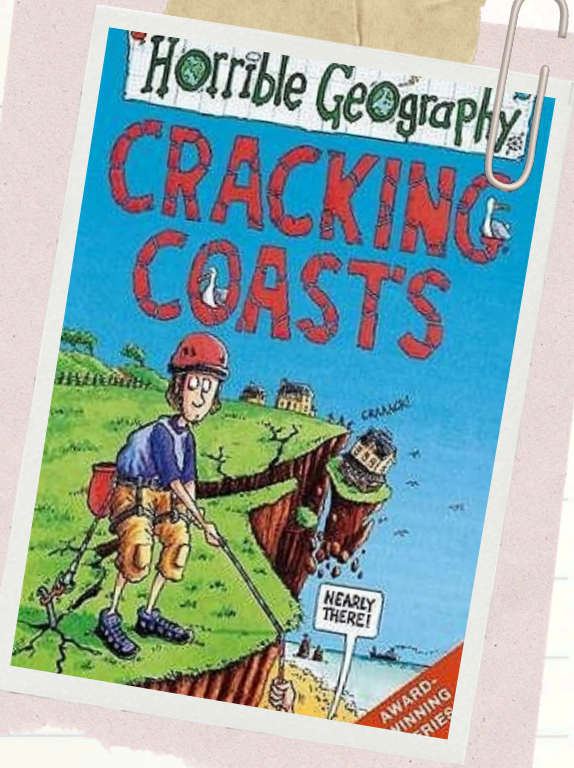
Horrible Geography – Cracking Coasts



## My thoughts

The book explains the power of waves, deadly shores and Geographical marvels. It is explain how hydraulic action, abrasion and powerful tides physically shatter cliffs and reshape solid rock into caves, arches, stacks and stumps. This book talks about profiles of treacherous coastal locations, such as Namibia's infamous Skeleton Coast, known for thick fog and hundreds of shipwrecks. Geographical Marvels section gives unique coastal formations, including the volcanic hexagonal columns of the Giant's Causeway in Northern Ireland.

# गर्मी की छुट्टियाँ

कनाया बंसल
कक्षा -6 अ

गर्मी आई, धूप खिली,
छुट्टियों की सौगात मिली।
सुबह-सुबह हम खेलने जाएँ,
शाम ढले फिर गीत सुनाएँ।
नानी के घर जाना है,
मिलकर खूब धमाल मचाना है।
आम, तरबूज और ठंडी लस्सी,
खाएँगे हम हँसते-हँसते, खुशी-खुशी।
नए-नए दोस्त बनाएँगे,
मिल-जुलकर खुशियाँ मनाएँगे।
हँसते-गाते बीतें छुट्टियाँ,
याद रहें ये प्यारी घड़ियाँ।

नानी के घर खूब जाएँ।
नई उमंगें साथ में लाएँ,
मिलकर खुशियाँ खूब मनाएँ।
नानी की मीठी-मीठी बातें,
लगती हैं जैसे प्यारी सौगातें।
आम, तरबूज और ठंडी लस्सी,
खाएँ मिलकर हँसते-हँसते खुशी-खुशी।
सुबह खेलें, शाम सजाएँ,
नए-नए किस्से सुनाएँ।
होमवर्क भी समय पर करके,
छुट्टियाँ मनाएँ हँसकर।
नानी का घर प्यारा-प्यारा,
लगता है सबसे न्यारा-न्यारा।
हँसते-गाते बीतें छुट्टियाँ,
याद रहें ये प्यारी घड़ियाँ।

प्रकृति हमारी सबसे प्यारी,
लगती है यह दुनिया न्यारी।
पेड़-पौधे जब लहराते हैं,
धरती का श्रृंगार बढ़ाते हैं।
फूलों की खुशबू मन को भाए,
पंछी मीठे गीत सुनाएँ।
हरी-भरी जब धरती होती,
हर दिशा सुहानी लगती।
नदियाँ बहती कल-कल-कल,
झरने गाते छल-छल-छल।
आओ मिलकर प्रकृति बचाएँ,
स्वच्छ-सुंदर जगत बनाएँ।
पेड़ लगाएँ, हरियाली लाएँ,
धरती को फिर स्वर्ग बनाएँ।

माँ से बढ़कर कौन है प्यारा,
माँ ही तो है जग में हमारी।
प्यार से मुझको गले लगाती,
मीठी-मीठी बातें बताती।
हर पल मेरा साथ निभाती,
दुख में भी मुस्कान सजाती।
माँ का आँचल सबसे प्यारा,
उसमें मिलता सुख अपार सारा।
माँ की ममता अनमोल है,
उसके जैसा कौन है बोल?
माँ का मैं सम्मान करूँ,
हर पल उनका नाम जपूँ।
मेरी माँ मेरी पहचान,
उनसे ही मेरा जीवन बना महान।

सुबह सवेरे जल्दी उठते हैं,
मुझे अच्छे संस्कार सिखाते हैं।
मेरे संग हँसते, खेलते भी हैं,
हर पल मेरा साथ निभाते हैं।
मेरी हर खुशी में खुश होते हैं,
मेरे सपनों को पंख देते हैं।
पापा मेरे सबसे प्यारे हैं,
मेरे जीवन के उजियारे हैं।
मैं अपने पापा से बहुत प्यार करता हूँ,
उन पर अपना हर सुख वारता हूँ।
ईश्वर से बस यही मेरी दुआ है-

मेहनत से हम आगे बढ़ेंगे,
हर मुश्किल से नहीं डरेंगे।
हँसते-हँसते राह बनाएँ,
अपने सपनों को सच कर जाएँ।
नई उम्मीद, नया सवेरा,
खुशियों से भर जाए जग सारा।
हर दिन कुछ अच्छा करना है,
जीवन को सुंदर बनाना है।

# MY FREEDOM TREE EXPERIENCE

**Charvi Jain**
**Grade V A**

*Making the Freedom Tree was a joyful and memorable experience for me. As a Grade V student, I enjoyed creating and decorating it with the colours of our national flag. Under the guidance of our Class Teacher, Ms Balvinder Kaur, we participated enthusiastically in the activity. Through the "I Value, I Will & I Dream" activity, I got an opportunity to express my thoughts about freedom, responsibility, unity, kindness and my dreams for a stronger India.*

*This activity reminded me of the courage and sacrifices of our freedom fighters and made me feel proud to be an Indian. While working together with my classmates, I learnt the importance of teamwork, patience, creativity and responsibility. Seeing our beautiful Freedom Tree made me very happy. It taught me that every child can contribute towards making our country a better place. This activity was not only creative but also helped me understand the true meaning of freedom and being a responsible citizen.*

*It was truly a proud, meaningful and memorable experience for me.*

# MY JOURNEY AS DEPUTY SPEAKER

**Eshal Mansuri**
**Grade V-A**

WWhen I was chosen as the Deputy Speaker, I felt extremely happy and proud. I was also a little disappointed that I did not get the opportunity to become the Head Girl. However, I was genuinely happy for my best friend and proud of her achievement. I was excited to take on my new responsibility and determined to give my best.

Being a Deputy Speaker gave me the opportunity to speak confidently, express my ideas and work closely with my teachers and classmates. I learnt that leadership is not merely about holding a position; it is about supporting others, taking responsibility and setting a positive example.

This experience helped me become more confident, responsible, disciplined and supportive. It strengthened my communication skills and taught me the true value of teamwork. I realised that every role becomes meaningful when we perform it with sincerity, commitment and dedication.

I am grateful for this wonderful opportunity and look forward to learning and growing through this responsibility. I will always strive to make my school, teachers and classmates proud.

# CINEMA IN EDUCATION: WHERE STORIES BECOME LESSONS

**Kavya Bhangadiya**
**Class VIII B**

*"What if a movie could become a classroom, a story could become a lesson, and every frame could spark a new idea?"*

*At Presidency School, Ajmer, this vision has been brought to life through the introduction of Cinema in Education as a new course from the current academic session. The initiative brings the magic of storytelling into the learning process, transforming the screen into a space for curiosity, imagination, reflection and discovery.*

*Every week, students enjoy carefully selected and meaningful movies that complement the concepts and themes explored in their Cinema Workbook. The experience goes beyond watching, encouraging students to observe, analyse, discuss and connect cinematic narratives with their learning.*

*Through this innovative approach, Presidency School, Ajmer continues to make education more engaging, experiential and meaningful, helping students discover that learning can happen through every story, every perspective and every frame.*

# Financial Literacy: A Life Skill Every Student Should Learn

*Financial literacy is no longer an optional subject–it is an essential life skill. In today's rapidly changing world, understanding how money works is as important as learning mathematics or science. The habits we develop regarding money during childhood often shape our financial future.*

*Financial literacy teaches us to distinguish between needs and wants, prepare a budget, save regularly, invest wisely, and spend responsibly. It also helps us understand the power of compounding, the importance of an emergency fund, and the need for financial planning to achieve long-term goals.*

*Schools play a vital role in nurturing financially responsible citizens. By introducing practical concepts such as banking, digital payments, budgeting, insurance, and investments, educators can empower students to make informed financial decisions throughout their lives.*

*In an era of increasing digital transactions and financial products, awareness is the best protection against fraud and poor financial choices. Every student should learn that wealth is not created by earning alone–it is built through disciplined saving, thoughtful investing, and responsible spending.*

*Let us strive to create a generation that is not only academically successful but also financially confident, capable, and responsible. After all, financial literacy is not just about managing money; it is about securing a better future.*

*"The best investment you can make is in financial knowledge, because informed decisions today create a secure tomorrow."*

## Adolescence

Between childhood and dreams anew,
A changing world comes into view.
We grow in body, heart, and mind,
With hopes and questions intertwined.

With friendships, dreams, and fears so new,
We learn what matters, what is true.
Though changes sometimes make us shy,
We spread our wings and learn to fly.

We stumble, learn, and find our way,
Discovering who we are each day.
A journey of change, courage, and grace–
Adolescence is life's growing phase.

## The Game of Chess

On a board of black and white,
Each piece prepares to join the fight.
With every move, we think and plan,
A silent battle, mind to mind.
Knights leap high, bishops glide,
Rooks stand strong on either side.
The queen moves boldly, the king stays wise,
While every player strategises.
It teaches patience, courage and art,
To think ahead and play your part.
For in this game, we learn and see–
The greatest victory is strategy.
